

Summer

Sponsored by you

Donors provide the funds for us to do many things essential to our mission: provide safe & secure shelter, serve three meals a day, send kids to school, provide an afterschool program, operate an education and employment program for adults, provide case management for every parent and child, and assist in the family's transition to their own independent living.

We feel it's important for our kids to enjoy the same type of normal summer that we would want all of our children to enjoy. That's why we hold a nine-week children's summer program - **YOU MAKE THIS POSSIBLE.**

For this and all that you do, THANK YOU!
